

# Mi True Wireless Earbuds Basic 2

ID: 28592 SKU: BHR4272GL

#### True Wireless Stereo

 Mi True Wireless Earbuds Basic 2 let you listen to music and call without annoying tangled cables.

#### Improved Stability

 The earbuds come with a much improved stability powered by the upgraded Bluetooth 5.0 processor.

#### Single-Ear Mode

 When only one earphone is used, the device connection will switch automatically. There is no need to pair again.

#### **Automatic Pairing**

After an easy setup is done, the earbuds will automatically connect to your device when they are taken out from the case.

#### Comfortable Fit

 The ergonomic design ensures a comfortable and secure fit when you wear the earbuds while doing yoga or cycling.

#### Compact and Portable

 The lightweight design lets you feel nothing but only music in your ears. It weighs only 4.1 grams for one earbud.

### One-Button Control

The onboard buttons let users control the music and calls with ease and without worry to accidentally activate them.

#### Voice Assistant

 By clicking the button twice, you could activate the voice assistant for help, like asking for direction, checking schedule, and more.
